From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

I have the honour to forward herewith for information of Government a copy of letter No.15624, dated 8th November 1926, from the Offg. Surgeon-General with the Government of Bengal, enquiring if maternity cases could be made available in the local Hospitals for Medical Students of Bengal and if so, under what conditions, and to state that, as it is there are loud complaints from the patients of the Maternity Hospital about too much access to Medical students and that conditions are likely to become worse if student element is increased by the admission of young men from Bengal, strangers to local customs and habits.

I therefore request to be informed if the Surgeon General's request may be entertained, before making necessary enquiries as to the availability or otherwise of sufficient clinical material for outside students after meeting the needs of those of the local medical College.

I have the honour to be,

Sir,

Your most obedient servant,

B Mamood

Senior Surgeon.

Letter No. 15624, dated 8th November 1926, from the Surgeon-General with the Government of Bengal, to the Senior Surgeon in Mysore, Bangalore.

I have the honour to inform you that we are in difficulties at the Calcutta Medical College with regard to getting enough Maternity cases for our students and it has been suggested to me that there are cases available at Bangalore at the Women's Hospital there. Would you very kindly let me know if this is so and if so under what conditions our students could avail themselves of

To

The Senior Surgeon in Mysore.

G 70379 23.12.26

Sir,

With reference to your letter No.C.1418-1 dated the 29th November 1926 enquiring whether the medical students of Bengal might be permitted to study maternity cases in the Mysor Hospitals for women, I am directed to request you to politely inform the Surgeon General Bengal that it will not be possible to afford the proposed facilities as there is difficulty in getting a sufficient number of maternity cases for the study of Mysore students locally even

I have etc.,

General Secretary to Government.
